Dear Mr. Watts,

Good day.

We are a group of Data Science students from Ateneo de Davao University currently seeking internship opportunities as part of our academic On-the-Job Training (OJT) requirement. We are writing to express our interest in applying as interns at Centervert, LLC.

Our team brings a combination of experience in data analytics, machine learning, dashboard development, and workflow automation. Collectively, we have worked on projects involving exploratory data analysis, KPI reporting, predictive modeling, and data-driven decision-making, as well as hands-on experience supporting real-world campaigns and business processes.

We are particularly interested in gaining practical experience in a professional environment where we can contribute to ongoing projects while continuing to develop our technical and analytical skills.

Attached to this email are our resumes for your review:

- Ezekiel Corpuz
- Francis Lamsin
- Justin Dampal
- Kobe Basong
- Zachary Sulit

We would greatly appreciate the opportunity to be considered for internship roles within your team. Should you require any additional information or wish to discuss potential alignment, we would be happy to accommodate your schedule.

Very truly Yours,

Ezekiel Corpuz
